SUBJECT:	FREE TRANSPORTATION FOR SERVICE	CE ANIN	MAL TRAINE	RS
INFORMATION				

To properly train service animals, they must be exposed to a variety of surroundings. To assist in the service animal's training, the trainer must board all types of public transportation, i.e., buses and Light Rail vehicles.

## **ACTION**

To accommodate the training of service animals, trainers of assistance animals will be allowed to ride free at all times on all RTD vehicles, including Light Rail, regardless of the level of service. Many times the service animal may be identified by a green jacket, but this is not required. It is not necessary for you to ask the individual for certification of special training, take the passengers word for it.
